### International Consumer Products Compliance Updates and Research

#### **BUSINESS CHALLENGE**

In a market that is ever-changing, manufacturers and retailers of consumer products are challenged to stay up-to-date with legislation, regulations, standards, technical requirements, market trends, and more. This information is necessary for organizations to make sound business decisions, protect brand image, and maintain competitiveness. However, keeping informed of regulatory and technical changes on a global level can be overwhelming. Bureau Veritas offers a range of Knowledge Products designed to keep you informed of the necessary consumer products regulations and standards that may affect where and how your business sells its products.

#### **SOLUTION**

##### **What are the Knowledge Products?**

Bureau Veritas has developed the Knowledge Products, a suite of regulatory information sources for the consumer products industry, as a comprehensive information solution for busy managers and staff responsible for quality assurance and compliance issues. The Knowledge Products are the result of a demand for timely, easy to access, relevant information on changes in technical and regulatory requirements worldwide. The Knowledge Products, including the *Compliance Insider* eBook series, the *Global Technical Update (GTU)*, the International Product Guidelines (IPGs), Research Reports, and Training Services, offer a solution that will simplify your research and keep you updated on the consumer products industry.

##### **What are the key benefits?**
